Since we are located in the mountains, our summer temperatures do not get too hot, which makes the working atmosphere nice. Estes Park is at the gateway to Rocky Mountain National Park. RMNP is the third most visited National Park in the United States. So with that being said, we are a true tourist town. 90% of our customers are traveling here for vacation. Due to our locale, we are only open seasonally which is May-October. When business is slow employees can enjoy the rides themselves! Plus, the town of Estes Park has plenty of restaurants, bars, shops and events.

Previous WAT students that have worked for us have gone into RMNP for hikes. They have also traveled to larger cities close by such as Denver, Fort Collins and even Black Hawk for some gambling!
