PLACEMENT INFORMATION

Job Description:

As a Hotel Engineer, you will play a crucial role in ensuring the efficient operation and maintenance of our hotel's physical assets. The ideal candidate will have a strong technical background, excellent problem-solving skills, and a commitment to maintaining a safe and comfortable environment for our guests and staff.

Responsibilities:

Maintenance and Repairs:

*Perform routine maintenance and repairs on the hotel's mechanical, electrical, and plumbing systems.
Conduct inspections of equipment and systems to identify and address potential issues proactively.*

Equipment Operation:

Operate and maintain various equipment, including boilers, generators, and other machinery. Troubleshoot and repair equipment malfunctions promptly.

Safety Compliance:

Ensure that all engineering activities comply with safety regulations and industry standards. Conduct regular safety inspections and implement corrective actions as needed.

Emergency Response:

Respond to emergency situations, such as power outages or equipment failures, to minimize disruption to hotel operations. Collaborate with other departments to address and resolve emergencies promptly.

Collaboration:

Work closely with other hotel departments to support their technical needs and ensure a seamless operation. Coordinate with external contractors and vendors for specialized repairs and projects.
